

Vetrex | Windshield cleaner concentrate

Property

- removes all dirt, remaining traces of road salt and silicone residue on car windscreens
- protects against corrosion and brittleness of rubber and caoutchouc parts
- the well-balanced admixture of active chemicals effectively prevents streaking and rainbow-coloured film formation on windscreens
- compatible with paint finishes, steel, aluminium, plastic and rubber components

Application

- Dilute to desired ratio with tap water and fill into windshield washer system.

Dosage

- 1/3 water + 2/3 VETREX → -32°C freezing point
- 1/2 water + 1/2 VETREX → -22°C freezing point
- 2/3 water + 1/3 VETREX → -12°C freezing point

Note

- hazardous material class: UN 1987 Alcohols N.O.S., 3, II, ADR
- Technical data subject to change without notice. Please observe the vehicle or machine manufacturer's directions. Please refer to the safety data sheet for further information.
